NOTICE AND AGENDA OF A REGULAR MEETING OF THE ARIZONA STATE BOARD OF PHARMACY

Pursuant to A.R.S, § 38-431.02, notice is hereby given to the members of the Arizona State Board of Pharmacy (Board) and to the general public that the Board will hold a Regular meeting open to the public on:

January 8 & 9, 2014 at 9:00 A.M.
Arizona State Board of Pharmacy Meeting
Arizona State Board of Pharmacy Office
1616 W. Adams, First Floor Board Room
Phoenix, AZ 85007

One or more members of the Board may participate in the meeting by telephone.

Title 2 of the Americans with Disability Act (ADA) prohibits the Board from discriminating on the basis of disability in its public meetings. Persons with a disability may request a reasonable accommodation by contacting Cheryl Frush, Deputy Director at (602-771-2727). Requests should be made as early as possible to allow time to arrange the accommodation.

During the course of the meeting, the Board, upon a majority vote of a quorum of the members, may hold an executive session for the purposes of obtaining legal advice from the Board's attorney on any matter listed on the agenda pursuant to A.R.S. § 38-431.03 (A) (3) and may hold an executive session on agenda items 9,14, and 20 for the purpose of discussion or consideration of confidential material pursuant to A.R.S. § 38-431. 03 (A) (2). The executive session will be held immediately after the vote and will not be open to the public.

The agenda is subject to change up to 24 hours prior to the meeting. The Board President reserves the right to change the order of the items on the agenda, except for matters set for a specific time.

AGENDA

The Agenda for the meeting is as follows:

1. **Call to Order – President Van Hassel**

2. **Declaration of Conflicts of Interest**

3. **Discussion and Approval of Minutes**
   Regular Meeting – November 6, 2013
   Telephonic Meeting – December 17, 2013

4. (10) Schedule J
Approval of Exams

BEFORE THE ARIZONA STATE BOARD OF PHARMACY
January 8 & 9, 2014
Arizona Board of Pharmacy Office
1616 W. Adams, Suite 120 (Board Room)
Phoenix, AZ 85007

Schedule "J" – Licensing Exams (Consent Agenda)

1. NAPLEX – Pharmacist Licensing Exam
2. MPJE – Pharmacist Licensing Exam
3. FPGEEC – Foreign Graduate Examinations for Intern Licensure
4. PTCB – Pharmacy Technician Certification Exam

Prepared and Posted 01/03/2014CF

NAPLEX

R4-23-202. Licensure by Examination

A. Eligibility. To be eligible for licensure as a pharmacist by examination, a person shall:

1. Have an undergraduate degree in pharmacy from a school or college of pharmacy whose professional degree program, at the time the person graduates, is accredited by the American Council on Pharmaceutical Education; or

2. Qualify under the requirements of A.R.S. § 32-1922(D); and

3. Complete not less than 1500 hours of intern training as specified in R4-23-303.

B. Application.

1. An applicant for licensure by examination shall file with the Board office:

a. A completed application for licensure by examination form,

b. A completed NAPLEX registration form or ensure receipt of an official NABP score transfer report through the Board office online computer link with NABP indicating the applicant's score on the NAPLEX taken in another jurisdiction, and

c. A completed MPJE registration form.

2. The Board office shall deem an application or registration form received on the date that the Board office stamps on the form when the Board office receives the form. The Board office shall deem a score transfer received on the date that the NABP transmits the applicant's official NABP score transfer report through the online computer link to the Board office.

3. An applicant for licensure by examination shall:

a. Make application on a form furnished by the Board, and

b. Submit with the application for licensure by examination form:

i. The documents specified in the application form, and

ii. The application fee specified in R4-23-205(C) made payable to the Arizona State Board of Pharmacy by money order or certified or personal check.

4. An applicant for licensure by examination shall:

a. Register for NAPLEX and MPJE on forms furnished by the Board or NABP; and

b. Submit with the registration forms:

i. The documents specified in the registration forms, and

ii. The application fee specified by and made payable to NABP by money order, certified check, or bank draft.

5. The Board shall deem an application for licensure by examination or a NAPLEX or MPJE registration to be invalid after 12 months from the date the Board office determines an application or registration form is complete. An applicant whose application or registration form is invalid and who wishes to continue licensure procedures, shall submit a new application or registration form and fee.

C. Passing grade; notification; re-examination.

1. To pass the required examinations, an applicant shall obtain a score of at least 75 on both the NAPLEX and MPJE.

2. The Board office shall:

a. Retrieve an applicant's NAPLEX and MPJE score from the NABP online database no later than two weeks after the applicant's examination date; and

b. Mail an applicant's NAPLEX and MPJE score to the applicant no later than seven days after the Board office receives the applicant's score from NABP.

3. An applicant who fails the NAPLEX or MPJE may apply to retake the examination within the 12-month period defined in subsection (B)(5). An applicant applying to retake an examination shall submit to the Board office a completed NAPLEX or MPJE registration form and pay the examination fee specified by and made payable to NABP by money order, certified check, or bank draft. An applicant who fails the NAPLEX or MPJE three times shall petition the Board for permission before retaking the examination.

MPJE

R4-23-202. Licensure by Examination

A. Eligibility. To be eligible for licensure as a pharmacist by examination, a person shall:

1. Have an undergraduate degree in pharmacy from a school or college of pharmacy whose professional degree program, at the time the person graduates, is accredited by the American Council on Pharmaceutical Education; or

2. Qualify under the requirements of A.R.S. § 32-1922(D); and

3. Complete not less than 1500 hours of intern training as specified in R4-23-303.

B. Application.

1. An applicant for licensure by examination shall file with the Board office:

a. A completed application for licensure by examination form,

b. A completed NAPLEX registration form or ensure receipt of an official NABP score transfer report through the Board office online computer link with NABP indicating the applicant's score on the NAPLEX taken in another jurisdiction, and

c. A completed MPJE registration form.

2. The Board office shall deem an application or registration form received on the date that the Board office stamps on the form when the Board office receives the form. The Board office shall deem a score transfer received on the date that the NABP transmits the applicant's official NABP score transfer report through the online computer link to the Board office.

3. An applicant for licensure by examination shall:

a. Make application on a form furnished by the Board, and

b. Submit with the application for licensure by examination form:

i. The documents specified in the application form, and

ii. The application fee specified in R4-23-205(C) made payable to the Arizona State Board of Pharmacy by money order or certified or personal check.

4. An applicant for licensure by examination shall:

a. Register for NAPLEX and MPJE on forms furnished by the Board or NABP; and

b. Submit with the registration forms:

i. The documents specified in the registration forms, and

ii. The application fee specified by and made payable to NABP by money order, certified check, or bank draft.

5. The Board shall deem an application for licensure by examination or a NAPLEX or MPJE registration to be invalid after 12 months from the date the Board office determines an application or registration form is complete. An applicant whose application or registration form is invalid and who wishes to continue licensure procedures, shall submit a new application or registration form and fee.

C. Passing grade; notification; re-examination.

1. To pass the required examinations, an applicant shall obtain a score of at least 75 on both the NAPLEX and MPJE.

2. The Board office shall:

a. Retrieve an applicant's NAPLEX and MPJE score from the NABP online database no later than two weeks after the applicant's examination date; and

b. Mail an applicant's NAPLEX and MPJE score to the applicant no later than seven days after the Board office receives the applicant's score from NABP.

3. An applicant who fails the NAPLEX or MPJE may apply to retake the examination within the 12-month period defined in subsection (B)(5). An applicant applying to retake an examination shall submit to the Board office a completed NAPLEX or MPJE registration form and pay the examination fee specified by and made payable to NABP by money order, certified check, or bank draft. An applicant who fails the NAPLEX or MPJE three times shall petition the Board for permission before retaking the examination.

R4-23-301. Intern Licensure

A. Licensure as a pharmacy intern or graduate intern is for the purpose of complementing the individual's academic or experiential education in preparation for licensure as a pharmacist. An applicant may request a waiver of intern licensure requirements by submitting a written request and appearing in person at a Board meeting.

B. The prerequisites for licensure as a pharmacy intern are:

1. Current enrollment, in good standing, in a Board-approved college or school of pharmacy; or

2. Graduation from a college or school of pharmacy that is not approved by the Board; and

3. Proof that the applicant is certified by the Foreign Pharmacy Graduate Examination Committee (FPGEC); or

4. By order of the Board if the Board determines the applicant needs intern training.

C. If a pharmacy intern licensee stops attending pharmacy school classes before completing the pharmacy school's requirements for graduation, the licensee shall immediately stop practicing as a pharmacy intern and surrender the pharmacy intern license to the Board or the Board's designee no later than 30 days after the date of the last attended class, unless the licensee requests and is granted permission by the Board to continue working as a pharmacy intern. A student re-entering a pharmacy program who wishes to continue internship training shall reapply for pharmacy intern licensure.

D. The prerequisites for licensure as a graduate intern are:

1. Graduate from a Board-approved college or school of pharmacy, and

2. Apply for licensure as a pharmacist by examination or reciprocity, or

3. By order of the Board if the Board determines that the applicant needs intern training.

PTCB

R4-23-1101. Licensure and Eligibility

A. License required. A person shall not work as a pharmacy technician or pharmacy technician trainee in Arizona, unless the person:

1. Possesses a pharmacy technician or pharmacy technician trainee license issued by the Board;

2. Reads and discusses with the pharmacist-in-charge of the pharmacy where employed, the Board rules concerning pharmacy technicians and pharmacy technician trainees, the pharmacy technician and pharmacy technician trainee job description, and the policies and procedures manual of that pharmacy; and

3. Dates and signs a statement that the person has complied with subsection (A)(2).

B. Eligibility.

1. To be eligible for licensure as a pharmacy technician trainee, a person shall:

a. Be of good moral character,

b. Be at least 18 years of age, and

c. Have a high school diploma or the equivalent of a high school diploma.

2. To be eligible for licensure as a pharmacy technician, a person shall:

a. Meet the requirements of subsection (B)(1),

b. Complete a pharmacy technician training program that meets the standards prescribed in R4-23-1105, and

c. Pass the Pharmacy Technician Certification Board (PTCB) examination or another Board-approved pharmacy technician examination.

R4-23-301. Intern Licensure

A. Licensure as a pharmacy intern or graduate intern is for the purpose of complementing the individual's academic or experiential education in preparation for licensure as a pharmacist. An applicant may request a waiver of intern licensure requirements by submitting a written request and appearing in person at a Board meeting.

B. The prerequisites for licensure as a pharmacy intern are:

1. Current enrollment, in good standing, in a Board-approved college or school of pharmacy; or
2. Graduation from a college or school of pharmacy that is not approved by the Board; and
3. Proof that the applicant is certified by the Foreign Pharmacy Graduate Examination Committee (FPGEC); or
4. By order of the Board if the Board determines the applicant needs intern training.

C. If a pharmacy intern licensee stops attending pharmacy school classes before completing the pharmacy school's requirements for graduation, the licensee shall immediately stop practicing as a pharmacy intern and surrender the pharmacy intern license to the Board or the Board's designee no later than 30 days after the date of the last attended class, unless the licensee requests and is granted permission by the Board to continue working as a pharmacy intern. A student re-entering a pharmacy program who wishes to continue internship training shall reapply for pharmacy intern licensure.

R4-23-402. Pharmacist, Graduate Intern, and Pharmacy Intern

D. When, in the professional judgement of the pharmacist or graduate intern or pharmacy intern under the supervision of a pharmacist, or when circumstance precludes it, oral consultation may be omitted if the pharmacist, graduate intern, or pharmacy intern:
   1. Personally provides written information to the patient or patient's care-giver that summarizes the information that would normally be orally communicated;
   2. Documents, or assumes responsibility to document, both the circumstance and reason for not providing oral consultation by a method approved by the Board or its designee; and
   3. Offers the patient or patient's care-giver the opportunity to communicate with a pharmacist, graduate intern, or pharmacy intern at a later time and provides a method for the patient or patient's care-giver to contact a pharmacist, graduate intern, or pharmacy intern at the pharmacy.

E. The pharmacist or graduate intern or pharmacy intern under the supervision of a pharmacist, through the exercise of professional judgment, may provide oral consultation that includes:
   1. Common severe adverse effects, interactions, or therapeutic contraindications, and the action required if they occur;
   2. Techniques of self-monitoring drug therapy;
   3. The duration of the drug therapy; and
   4. Prescription refill information.

F. Nothing in subsection (B) requires a pharmacist, graduate intern, or pharmacy intern to provide oral consultation if a patient or patient's care-giver refuses the consultation.

G. Using a method approved by the Board or its designee, a pharmacist, graduate intern, or pharmacy intern shall document, or assume responsibility to document, that oral consultation is or is not provided.

H. Oral consultation documentation. When oral consultation is required as specified in subsection (B), a pharmacist, graduate intern, or pharmacy intern shall:
   1. Document, or assume responsibility to document, that oral consultation is provided; or
   2. When a patient refuses oral consultation or a person other than the patient or patient's care-giver picks up a prescription and oral consultation is not provided, document, or assume responsibility to document, that oral consultation is not provided; or
   3. When a pharmacist, graduate intern, or pharmacy intern determines to omit oral consultation under subsection (D) and oral consultation is not provided, document, or assume responsibility to document, both the circumstance and reason that oral consultation is not provided; and
   4. Document, or assume responsibility to document, the name, initials, or identification code of the pharmacist, graduate intern, or pharmacy intern who did or did not provide oral consultation.

I. When a prescription is delivered to the patient or patient's care-giver outside the immediate area of a pharmacy and a pharmacist is not present, the prescription shall be accompanied by written or printed patient medication information that, in addition to the requirements in subsection (C), includes:
   1. Approved use for the prescription medication;
   2. Possible adverse reactions;
   3. Drug-drug, food-drug, or disease-drug interactions;
   4. Missed dose information; and
   5. Telephone number of the dispensing pharmacy or another method approved by the Board or its designee that allows a patient or patient's care-giver to consult with a pharmacist.

J. A prescription medication or prescription-only device, delivered to a patient at a location where a licensed health care professional is responsible for administering the prescription medication to the patient, is exempt from the requirement of subsection (C).

R4-23-408. Computer Records

A. Systems manual. A pharmacy permittee or pharmacist-in-charge shall:

1. Develop, implement, and comply with policies and procedures for the following operational aspects of a computer system:
   a. Examples of all output documentation provided by the computer system that contains original or refill prescription order or patient profile information;
   b. Steps a pharmacy employee follows when the computer system is not operational due to scheduled or unscheduled system interruption;
   c. Regular and routine backup file procedure and file maintenance, including secure storage of backup files;
   d. Audit procedures, personnel code assignments, and personnel responsibilities; and
   e. Quality assurance mechanism for data entry validation;
2. Review biennially and, if necessary, revise the policies and procedures required under this Section;
3. Document the review required under subsection (A)(2);
4. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee; and
5. Make the policies and procedures available within the pharmacy for reference by pharmacy personnel and inspection by the Board or its designee.

R4-23-410. Current Good Compounding Practices

K. A pharmacy permittee shall ensure that the pharmacist-in-charge establishes, implements, and complies with recordkeeping procedures that comply with this subsection:

1. Pharmaceutical product compounding procedures and other records required by this Section are maintained by the pharmacy for not less than seven years, and
2. Pharmaceutical product compounding procedures and other records required by this Section are readily available for inspection by the Board or its designee.

R4-23-411. Pharmacist-administered or Pharmacy or Graduate Intern-administered Immunizations

C. A pharmacist or pharmacy or graduate intern who is certified to administer immunizations or vaccines and, in an emergency, epinephrine and diphenhydramine to an eligible adult patient or eligible minor patient shall:
1. Not delegate the authority to any other pharmacist, pharmacy or graduate intern, or employee; and
2. Maintain their current certificate for inspection by the Board or its designee or review by the public.

D. Qualifications for certification to administer immunizations or vaccines and, in an emergency, epinephrine and diphenhydramine to an eligible adult patient or eligible minor patient. After receipt of a completed application form, the Board shall issue a certificate authorizing the administration of immunizations or vaccines and, in an emergency, epinephrine and diphenhydramine to an eligible adult patient or eligible minor patient to a pharmacist or pharmacy or graduate intern who meets the following qualifications:
1. Has a current license to practice pharmacy in this state,
2. Successfully completes a training program specified in subsection (E), and
3. Has a current certificate in basic cardiopulmonary resuscitation.

F. Recordkeeping and reporting requirements.
1. A pharmacist or pharmacy or graduate intern granted certification under this Section to administer immunizations or vaccines and, in an emergency, epinephrine and diphenhydramine to an eligible patient shall provide to the pharmacy the following information and documentation regarding each immunization or vaccine administered:
   a. The name, address, and date of birth of the patient;
   b. The date of administration and site of injection;
   c. The name, dose, manufacturer's lot number, and expiration date of the vaccine, epinephrine, or diphenhydramine;
   d. The name and address of the patient's primary care provider or physician, as identified by the patient;
   e. The name of the pharmacist or pharmacy or graduate intern administering the immunization;
   f. A record of the pharmacist's or pharmacy or graduate intern's consultation with the patient determining that the patient is an eligible patient as defined in R4-23-110;
   g. The date and time that the written report specified in subsection (F)(2) was sent to the patient's primary care provider or physician;
   h. Consultation or other professional information provided to the patient by the pharmacist or pharmacy or graduate intern;
   i. The name and date of the vaccine information sheet provided to the patient; and
   j. For immunizations or vaccines given to an eligible minor patient, a consent form signed by the minor's parent or guardian.
2. The pharmacist or pharmacy or graduate intern shall provide a written report to the patient's primary care provider or physician containing the documentation required in subsection (F)(1) within 48 hours after the immunization. The pharmacy shall make the required records specified in subsection (F)(1) and a record of compliance with this subsection available in the pharmacy for inspection by the Board or its designee.
3. A pharmacy's pharmacist-in-charge shall maintain the records required in subsection (F)(1) in the pharmacy for a minimum of seven years from the immunization's administration date.

R4-23-501. Controlled Substances Prescription Monitoring Program Registration

F. CSPMP database access. A medical practitioner or pharmacy that chooses to use the CSPMP database shall request a user name and password in writing from the CSPMP Director. Upon receipt of the request, the CSPMP Director or designee shall issue a user name and password provided the medical practitioner or pharmacy is in compliance with the registration requirements of this Section.

R4-23-502. Requirements for Data Format and Transmission

A. Each dispenser shall submit to the Board or its designee by electronic means information regarding each prescription dispensed for a controlled substance listed in Schedules II, III, and IV of A.R.S. Title 36, Chapter 27, the Arizona Uniform Controlled Substances Act. The information reported shall conform to the August 31, 2005 Version 003, Release 000 ASAP Rules-based Standard Implementation Guide for Prescription Monitoring Programs published by the American Society for Automation in Pharmacy as specified in A.R.S. § 36-2608(B). The information submitted for each prescription shall include:
   1. The name, address, telephone number, prescription number, and DEA registration number of the dispenser;
   2. The name, address, gender, date of birth, and telephone number of the person or, if for an animal, the owner of the animal for whom the prescription is written;
   3. The name, address, telephone number, and DEA registration number of the prescribing medical practitioner;
   4. The quantity and National Drug Code (NDC) number of the Schedule II, III, or IV controlled substance dispensed;
   5. The date the prescription was dispensed;
   6. The number of refills, if any, authorized by the medical practitioner;
   7. The date the prescription was issued;
   8. The method of payment identified as cash or third party; and
   9. Whether the prescription is new or a refill.

B. A dispenser shall submit the required information electronically unless the Board approves a waiver as specified in subsection (D).

C. A dispenser's electronic data transfer equipment including hardware, software, and internet connections shall meet the privacy and security standards of the Health Insurance Portability and Accountability Act (HIPAA) of 1996 and A.R.S. § 12-2292, in addition to common internet industry standards for privacy and security. A dispenser shall ensure that each electronic transmission meets the following data protection requirements:
   1. Data shall be at least 128-bit encryption in transmission and at rest; and
   2. Data shall be transmitted via secure e-mail, telephone modem, diskette, CD-ROM, tape, secure File Transfer Protocol (FTP), Virtual Private Network (VPN), or other Board-approved media.

D. A dispenser who does not have an automated recordkeeping system capable of producing an electronic report in the Board established format may request a waiver from electronic reporting by submitting a written request to the Board. The Board shall grant the request if the dispenser agrees in writing to report the data by submitting a completed universal claim form supplied by the Board or its designee.

E. Unless otherwise approved by the Board, a dispenser shall report by the close of business on each Friday the required information for the previous week, Sunday through Saturday. If a Friday falls on a state holiday, the dispenser shall report the information on the following business day. The Board may approve a less frequent reporting period if a dispenser makes a showing that a less frequent reporting period will not reduce the effectiveness of the system or jeopardize the public health.

R4-23-503. Access to Controlled Substances Prescription Monitoring Program Data

A. Except as provided in A.R.S. § 36-2604(B) and (C) and this Section, prescription information submitted to the Board or its designee is confidential and is not subject to public inspection.

B. The Board or its designee shall review the prescription information collected under A.R.S. Title 36, Chapter 28 and R4-23-502. If the Board or its designee has reason to believe an act of unprofessional or illegal conduct has occurred, the Board or its designee shall notify the appropriate professional licensing board or law enforcement or criminal justice agency and provide the prescription information required for an investigation.

C. The Board or its designee is authorized to release data collected by the program to the following:

1. A person who is authorized to prescribe or dispense a controlled substance to assist that person to provide medical or pharmaceutical care to a patient or to evaluate a patient;
2. An individual who requests the individual's own controlled substance prescription information under A.R.S. § 12-2293;
3. A professional licensing board established under A.R.S. Title 32, Chapter 7, 11, 13, 14, 15, 16, 17, 18, 21, 25, or 26. Except as required under subsection (B), the Board or its designee shall provide this information only if the requesting board states in writing that the information is necessary for an open investigation or complaint;
4. A local, state, or federal law enforcement or criminal justice agency. Except as required under subsection (B), the Board or its designee shall provide this information only if the requesting agency states in writing that the information is necessary for an open investigation or complaint;
5. The Arizona Health Care Cost Containment System Administration regarding individuals who are receiving services under A.R.S. Title 36, Chapter 29. Except as required under subsection (B), the Board or its designee shall provide this information only if the Administration states in writing that the information is necessary for an open investigation or complaint;
6. A person serving a lawful order of a court of competent jurisdiction; and
7. The Board staff for purposes of administration and enforcement of A.R.S. Title 36, Chapter 28 and this Article.

D. The Board or its designee may provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used to identify individual patients or persons who received prescriptions from dispensers.

R4-23-505. Reports

A. Before releasing prescription monitoring program data, the Board or its designee shall receive a written request for controlled substance prescription information.

B. A person authorized to access CSPMP data under R4-23-503(C)(1) through (6) shall submit a written request that:

1. Specifies the information requested for the report;
2. For a medical practitioner, provides a statement that the report's purpose is to provide medical or pharmaceutical care to a patient or to evaluate a patient;
3. For an individual obtaining the individual's own controlled substance prescription information, provides a form of non-expired government-issued identification;
4. For a professional licensing board, states that the information is necessary for an open investigation or complaint;
5. For a local, state, or federal law enforcement or criminal justice agency, states that the information is necessary for an open investigation or complaint;
6. For the AHCCCS Administration, states that the information is necessary for an open investigation or complaint; and
7. For a person serving a lawful order of a court of competent jurisdiction, provides a copy of the court order.

C. The Board or its designee may provide reports through U.S. mail, other common carrier, facsimile, or secured electronic media or may allow reports to be picked up in-person at the Board office.

R4-23-604. Resident Drug Manufacturer

H. Manufacturing and distribution.

1. A drug manufacturer permittee shall manufacture and distribute a drug only:
   a. To a pharmacy, drug manufacturer, and full-service or nonprescription drug wholesaler currently permitted by the Board;
   b. To a medical practitioner currently licensed as a medical practitioner as defined in A.R.S. § 32-1901; or
   c. To a properly permitted, registered, licensed, or certified person or firm of another jurisdiction; and
   d. Under the supervision of an Arizona Board-licensed pharmacist as required in A.R.S. § 32-1961. Manufacturing processes that require the supervision of a pharmacist include weighing, mixing, compounding, tableting, packaging, and labeling.
2. Before manufacturing and distributing a drug that is not listed on a drug manufacturer's permit application, the drug manufacturer permittee shall send to the Board office a written request to amend the permit application, including documentation of FDA approval to manufacture the drug not listed on the original permit application. If a request to amend a permit application includes the documentation required in this subsection, the Board or its designee shall approve the request to amend within 30 days of receipt.

R4-23-609. Pharmacy Area of Community Pharmacy

H. A pharmacy permittee or pharmacist-in-charge shall ensure that the pharmacy working counter area is protected from unauthorized access while the pharmacy is open for business by a barrier not less than 66 inches in height or another method approved by the Board or its designee.

R4-23-615. Mechanical Storage and Counting Device for a Drug in Solid, Oral Dosage Form

A. A pharmacy permittee or pharmacist-in-charge shall ensure that a mechanical storage and counting device for a drug in a solid, oral dosage form that is used by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist complies with the following method to identify the contents of the device:

1. The drug name and strength are affixed to the front of each cell or cassette of the device;
2. A paper or electronic log is kept for each cell or cassette that contains:
   a. An identification of the cell or cassette by the drug name and strength or the number of the cell or cassette;
   b. The drug's manufacturer or National Drug Code (NDC) number;
   c. The expiration date and lot number from the manufacturer's stock bottle that is used to fill the cell or cassette. If multiple lot numbers of the same drug are added to a cell or cassette, each lot number and expiration date shall be documented, and the earliest expiration date shall become the expiration date of the mixed lot of drug in the cell or cassette;
   d. The date the cell or cassette is filled;
   e. Documentation of the identity of the licensee who placed the drug into the cell or cassette; and
   f. If the licensee who filled the cell or cassette is not a pharmacist, documentation of the identity of the pharmacist who supervised the non-pharmacist licensee who filled the cell or cassette; and
3. The paper or electronic log is available in the pharmacy for inspection by the Board or its designee for not less than two years.

B. A pharmacy permittee or pharmacist-in-charge shall ensure that any drug previously counted by a mechanical storage and counting device for a drug in a solid, oral dosage form that has not left the pharmacy is not returned to the drug's cell, cassette, or stock bottle, unless the drug return method is approved by the Board or its designee as specified in subsection (G). This subsection does not prevent a pharmacy permittee or pharmacist-in-charge from using a manual or mechanical counting device to count and dispense a previously counted drug that has not left the pharmacy if the previously counted drug is dispensed before its beyond-use-date.

C. A pharmacy permittee or pharmacist-in-charge shall ensure the accuracy of any mechanical storage and counting device for a drug in a solid, oral dosage form that is used by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist by documenting completion of the following:

1. Training in the maintenance, calibration, and use of the mechanical storage and counting device for each employee who uses the mechanical storage and counting device;
2. Maintenance and calibration of the mechanical storage and counting device as recommended by the device's manufacturer; and
3. Routine quality assurance and accuracy validation testing for each mechanical storage and counting device.

D. A pharmacy permittee or pharmacist-in-charge shall ensure that the documentation required in subsection (C) is available for inspection by the Board or its designee.

E. A pharmacy permittee or pharmacist-in-charge shall:

1. Ensure that policies and procedures for the performance and use of a mechanical storage and counting device for a drug in a solid, oral dosage form are prepared, implemented, and complied with;
2. Review biennially and, if necessary, revise the policies and procedures required under subsection (E)(1);
3. Document the review required under subsection (E)(2);
4. Assemble the policies and procedures as a written or electronic manual; and
5. Make the policies and procedures available within the pharmacy for employee reference and inspection by the Board or its staff.

F. The Board may prohibit a pharmacy permittee or pharmacist-in-charge from using a mechanical storage and counting device for a drug in a solid, oral dosage form if the pharmacy permittee or the pharmacy permittee's employees do not comply with the requirements of subsections (A), (B), (C), (D), or (E).

G. Returning a drug previously counted by a mechanical storage and counting device for a drug in a solid, oral dosage form that has not left the pharmacy to the drug's cell or cassette.

1. Before returning a drug previously counted by a mechanical storage and counting device that has not left the pharmacy to the drug's cell or cassette, a pharmacy permittee or pharmacist-in-charge shall:
   a. Apply for approval from the Board or its designee for the drug return method to be used in returning the drug;
   b. Develop a drug return method that uses technology, such as bar coding, to prevent drug return errors;
   c. Provide documentation depicting the drug return method;
   d. Demonstrate the drug return method for a Board Compliance Officer; and
   e. Receive approval from the Board or its designee for the drug return method to be used in returning the drug.
2. Before approving a request to waive the drug return prohibition in subsection (B), the Board or its designee shall:
   a. Receive a request in writing from the pharmacy permittee or pharmacist-in-charge;
   b. Review the documentation of the drug return method; and
   c. Receive a satisfactory inspection report from a Board Compliance Officer that the drug return method uses technology to prevent drug return errors.

R4-23-616. Mechanical Counting Device for a Drug in Solid, Oral Dosage Form

A. A pharmacy permittee or pharmacist-in-charge shall ensure the accuracy of any mechanical counting device for a drug in a solid, oral dosage form that is used by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist by documenting completion of the following:

1. Training in the maintenance, calibration, and use of the mechanical counting device for each employee who uses the mechanical counting device;
2. Maintenance and calibration of the mechanical counting device as recommended by the device's manufacturer; and
3. Routine quality assurance and accuracy validation testing for each mechanical counting device.

B. A pharmacy permittee or pharmacist-in-charge shall ensure that the documentation required in subsection (A) is available for inspection by the Board or its designee.

R4-23-621. Shared Services

D. A pharmacy permittee engaged in shared services shall:

1. Maintain manual or electronic records that identify, individually for each order processed, the name, initials, or identification code of each pharmacist, graduate intern, pharmacy intern, pharmacy technician, and pharmacy technician trainee who took part in the order interpretation, order entry verification, drug utilization review, drug compatibility and drug allergy review, final order verification, therapeutic intervention, or refill authorization functions performed at that pharmacy;
2. Maintain manual or electronic records that identify, individually for each order filled or dispensed, the name, initials, or identification code of each pharmacist, graduate intern, pharmacy intern, pharmacy technician, and pharmacy technician trainee who took part in the filling, dispensing, and counseling functions performed at that pharmacy;
3. Report to the Board as soon as practical the results of any disciplinary action taken by another state's pharmacy regulatory agency involving shared services;
4. Maintain a mechanism for tracking the order during each step of the processing and filling procedures performed at the pharmacy;
5. Provide for adequate security to protect the confidentiality and integrity of patient information; and
6. Provide for inspection of any required record or information within 72 hours of any request by the Board or its designee.

R4-23-653. Personnel: Professional or Technician

A. Each hospital pharmacy shall be directed by a pharmacist who is licensed to engage in the practice of pharmacy in Arizona and is referred to as the Director of Pharmacy. The Director of Pharmacy shall be the pharmacist-in-charge, as defined in A.R.S. § 32-1901 or shall appoint a pharmacist-in-charge. The Director of Pharmacy and the pharmacist-in-charge, if a different individual, shall:
   1. Be responsible for all the activities of the hospital pharmacy and for meeting the requirements of the Arizona Pharmacy Act and these rules;
   2. Ensure that the policies and procedures required by these rules are prepared, implemented, and complied with;
   3. Review biennially and, if necessary, revise the policies and procedures required under these rules;
   4. Document the review required under subsection (A)(3);
   5. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee; and
   6. Make the policies and procedures available within the pharmacy for employee reference and inspection by the Board or its designee.

B. In all hospitals, a pharmacist shall be in the hospital during the time the pharmacy is open for pharmacy services, except for an extreme emergency as defined in R4-23-110. Pharmacy services shall be provided for a minimum of 40 hours per week, unless an exception for less than the minimum hours is made upon written request by the hospital and with express permission of the Board or its designee.

C. In a hospital where the pharmacy is not open 24 hours per day for pharmacy services, a pharmacist shall be "on-call" as defined in R4-23-651 when the pharmacy is closed.

D. The Director of Pharmacy may be assisted by other personnel approved by the Director of Pharmacy in order to operate the pharmacy competently, safely, and adequately to meet the needs of the hospital's patients.

E. Pharmacists. A pharmacist or a pharmacy intern or graduate intern under the supervision of a pharmacist shall perform the following professional practices:
   1. Verify a patient's medication order before administration of a drug to the patient, except:
      a. In an emergency medical situation; or
      b. In a hospital where the pharmacy is open less than 24 hours a day for pharmacy services, a pharmacist shall verify a patient's medication order within four hours of the time the pharmacy opens for pharmacy services;
   2. Verify a medication order's pharmaceutical and therapeutic feasibility based upon:
      a. The patient's medical condition,
      b. The patient's allergies,
      c. The pharmaceutical and therapeutic incompatibilities, and
      d. The recommended dosage limits;
   3. Measure, count, pour, or otherwise prepare and package a drug needed for dispensing, except a pharmacy technician or pharmacy technician trainee may measure, count, pour, or otherwise prepare and package a drug needed for dispensing under the supervision of a pharmacist according to written policies and procedures approved by the Board or its designee;
   4. Compound, admix, combine, or otherwise prepare and package a drug needed for dispensing, except a pharmacy technician may compound, admix, combine, or otherwise prepare and package a drug needed for dispensing under the supervision of a pharmacist according to written policies and procedures approved by the Board or its designee;
   5. Verify the accuracy, correct procedure, compounding, admixing, combining, measuring, counting, pouring, preparing, packaging, and safety of a drug prepared and packaged by a pharmacy technician or pharmacy technician trainee according to subsections (E)(3) and (4) and according to the policies and procedures in subsection (G);
   6. Supervise drug repackaging and check the completed repackaged product as specified in R4-23-402(A);
   7. Supervise training and education in aseptic technique and drug incompatibilities for all personnel involved in the admixture of parenteral products within the hospital pharmacy;
   8. Consult with the medical practitioner regarding the patient's drug therapy or medical condition;
   9. When requested by a medical practitioner, patient, patient's agent, or when the pharmacist deems it necessary, provide consultation with a patient regarding the medication order, patient's profile, or overall drug therapy;
   10. Monitor a patient's drug therapy for safety and effectiveness;
   11. Provide drug information to patients and health care professionals;
   12. Manage the activities of pharmacy technicians, pharmacy technician trainees, other personnel, and systems to ensure that all activities are performed accurately, safely, and without risk of harm to patients;
   13. Verify the accuracy of all aspects of the original, completed medication order; and
   14. Ensure compliance by pharmacy personnel with a quality assurance program developed by the hospital.

R4-23-658. Drug Distribution and Control

F. Emergency services dispensing. If a hospital permits dispensing of drugs from the emergency services department when the pharmacy is unable to provide this service, the Director of Pharmacy, in consultation with the appropriate department personnel and medical staff committee shall develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with written policies and procedures for dispensing drugs for outpatient use from the hospital's emergency services department. The policies and procedures shall include the following requirements:

1. Drugs are dispensed only to patients who have been admitted to the emergency services department;
2. Drugs are dispensed only by an authorized medical practitioner, not a designee or agent;
3. The nature and type of drugs available for dispensing are designed to meet the immediate needs of the patients treated within the hospital;
4. Drugs are dispensed only in quantities sufficient to meet patient needs until outpatient pharmacy services are available;
5. Drugs are prepackaged by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist in suitable containers and appropriately prelabeled with the drug name, strength, dosage form, quantity, manufacturer, lot number, beyond-use-date, and any appropriate auxiliary labels;
6. Upon dispensing, the authorized medical practitioner completes the label on the prescription container that complies with the requirements of R4-23-658(D); and
7. The hospital pharmacy maintains a dispensing log, hard-copy prescription, or electronic record, approved by the Board or its designee and includes the patient name and address, drug name, strength, dosage form, quantity, directions for use, medical practitioner's signature or identification code, and DEA registration number, if applicable.

R4-23-670. Sterile Pharmaceutical Products

C. Before compounding a sterile pharmaceutical product, the pharmacy permittee, limited-service pharmacy permittee, or pharmacist-in-charge shall:

1. Prepare, implement, and comply with policies and procedures for compounding and dispensing sterile pharmaceutical products,
2. Review biennially and if necessary revise the policies and procedures required under subsection (C)(1),
3. Document the review required under subsection (C)(2),
4. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee, and
5. Make the policies and procedures available in the pharmacy for employee reference and inspection by the Board or its designee.

R4-23-671. General Requirements for Limited-service Pharmacy

E. Before dispensing from a limited-service pharmacy, the limited-service pharmacy permittee or pharmacist-in-charge shall:

1. Prepare, implement, and comply with written policies and procedures for pharmacy operations and drug dispensing and distribution,
2. Review biennially and if necessary revise the policies and procedures required under subsection (E)(1),
3. Document the review required under subsection (E)(2),
4. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee, and
5. Make the policies and procedures available in the pharmacy for employee reference and inspection by the Board or its designee.

R4-23-692. Compressed Medical Gas Distributor

A. Permit:

1. A person shall not manufacture, process, transfill, package, or label a compressed medical gas before a compressed medical gas distributor permit is issued by the Board or its designee following a satisfactory final inspection by a Board compliance officer.
2. Before operating as a compressed medical gas distributor, a person shall register with the FDA as a medical gas manufacturer and comply with the drug listing requirements of the federal act.
3. To obtain a compressed medical gas distributor permit a person shall submit a completed application, on a form furnished by the Board, to the Board's office.
4. A compressed medical gas distributor permittee shall distribute a compressed medical gas only:
   a. Pursuant to a compressed medical gas order; and
   b. If the compressed medical gas is listed on the distributor's permit application. To receive approval to distribute an additional compressed medical gas, the permittee shall request that the permit application be amended.
      i. The permittee shall send a written request to amend the permit application to the Board office.
      ii. The request shall include documentation that the FDA has approved manufacture of the additional compressed medical gas not listed on the original permit application.
      iii. If a request to amend an original permit application includes the documentation referenced in subsection (A)(4)(b)(ii) and if the Board or its designee determines that the amendment is in the interest of public health and safety, the Board or its designee shall approve the request to amend within 30 days of receipt.
5. A compressed medical gas distributor permit is subject to denial, suspension, or revocation under A.R.S. § 32-1932.

R4-23-693. Compressed Medical Gas Supplier

A. Permit:

1. A person shall not supply a compressed medical gas before a compressed medical gas supplier permit is issued by the Board or its designee following a satisfactory final inspection by a Board compliance officer.
2. To obtain a compressed medical gas supplier permit a person shall submit a completed application, on a form furnished by the Board, to the Board's office.
3. A compressed medical gas supplier permittee shall supply a compressed medical gas only:
   a. Pursuant to a compressed medical gas order, and
   b. To the consumer, patient, or agent of the consumer or patient for whom the compressed medical gas order is written.
4. A compressed medical gas supplier permittee shall not manufacture, process, transfill, package, or label a compressed medical gas, except as set forth in subsection (B)(2).

B. Records: A compressed medical gas supplier permittee shall establish and implement written procedures for maintaining records pertaining to acquisition and distribution of, and complaints related to, compressed medical gases.

1. A permittee shall ensure that a compressed medical gas order is obtained and filed for each compressed medical gas container supplied by the permittee.
2. A permittee shall ensure that each compressed medical gas container supplied by the permittee contains a label bearing the name and address of the compressed medical gas supplier.
3. A permittee shall retain the records required by this Article for at least two years after supplying the compressed medical gas or one year after the expiration date of the compressed medical gas, whichever is longer.
4. A permittee shall make the records required by this Article available within 48 hours for review by the Board or its compliance officers.

C. Inspections: A permittee shall make the compressed medical gas supplier's facility available for inspection by the Board or its compliance officers under A.R.S. § 32-1904.

R4-23-1105. Pharmacy Technician Trainee Training Program, Pharmacy Technician Drug Compounding Training Program, and Alternative Pharmacy Technician Training

A. Nothing in this Section prevents additional offsite training of a pharmacy technician.

B. Pharmacy technician trainee training program.

1. A pharmacy permittee or pharmacist-in-charge shall develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with a pharmacy technician trainee training program based on the needs of the individual pharmacy.

2. A pharmacy permittee or pharmacist-in-charge shall ensure that the pharmacy technician trainee training program includes training guidelines that:

a. Define the specific tasks a pharmacy technician trainee is expected to perform,

b. Specify how and when the pharmacist-in-charge will assess the pharmacy technician trainee's competency, and

c. Address the policies and procedures specified in R4-23-1104(G) and the permissible activities specified in R4-23-1104(A).

3. A pharmacist-in-charge shall:

a. Document the date that a pharmacy technician trainee has successfully completed the training program, and

b. Maintain the documentation required in this subsection for inspection by the Board or its designee

4. A pharmacy technician trainee shall perform only those tasks, listed in R4-23-1104(A), for which training and competency has been demonstrated.

C. Pharmacy technician drug compounding training program.

1. A pharmacy permittee or pharmacist-in-charge shall develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with a pharmacy technician drug compounding training program based on the needs of the individual pharmacy;

2. A pharmacy permittee or pharmacist-in-charge shall ensure that the pharmacy technician drug compounding training program includes training guidelines that:

a. Define the specific tasks a pharmacy technician is expected to perform,

b. Specify how and when the pharmacist-in-charge will assess the pharmacy technician's competency, and

c. Address the following procedures and tasks:

i. Area preparation,

ii. Component preparation,

iii. Aseptic technique and product preparation,

iv. Packaging and labeling, and

v. Area clean up;

3. A pharmacist-in-charge shall:

a. Document the date that a pharmacy technician has successfully completed the pharmacy technician drug compounding training program, and inspection by the Board or its designee.

R4-23-1209. Policies and Procedures

A physician's office, a pharmacy, or a health care institution that participates in the prescription medication donation program shall:

1. Develop, implement, and comply with policies and procedures for the receipt, storage, and distribution of prescription medications donated to the physician's office, the pharmacy, or the health care institution;

2. Review biennially and, if necessary, revise the policies and procedures required under this Section;

3. Document the review required under subsection (2);

4. Assemble the policies and procedures as a written manual or in a readily accessible electronic format;

5. Make the policies and procedures available for reference by a physician's office, pharmacy, or health care institution personnel and, upon request, for inspection by the Board or its designee; and

6. Ensure that the written or electronic policies and procedures required under subsection (1) include provisions to ensure:

a. That each transferred prescription medication meets the eligibility requirements of Sections R4-23-1202 and R4-23-1203;

b. That each individual who receives a donated prescription medication under the prescription medication donation program signs the recipient form specified in R4-23-1206;

c. Compliance with the applicable requirements for recordkeeping in Section R4-23-1207;

d. Compliance with the requirements of Section R4-23-1210; and

e. Compliance with the requirements of Section R4-23-1211.

R4-23-1210. Dispensing Donated Prescription Medications

A. Before dispensing a donated prescription medication under the program, a participating physician's office, pharmacy, or health care institution shall:

1. Obtain and maintain a current drug identification reference or text in hard-copy or electronic media format;

2. Inspect the donated prescription medication to ensure that the prescription medication has not been adulterated;

3. Certify that the donated prescription medication has been stored in compliance with the requirements of the manufacturer's package insert;

4. Comply with all federal and state laws regarding storage and distribution of a donated prescription medication;

5. Obtain a prescription order of a licensed medical practitioner for the recipient to receive the donated prescription medication; and

6. Properly label the donated prescription medication to be dispensed.

B. As specified in subsection (C) a participating physician's office, pharmacy, or health care institution may transfer a prescription medication donated under this Article to another participating physician's office, pharmacy, or health care institution, but the donated prescription medication shall not be resold.

C. A participating physician's office, pharmacy, or health care institution may transfer a donated prescription medication to another participating physician's office, pharmacy, or health care institution, if:

1. The transferring physician's office, pharmacy, or health care institution has available a prescription medication that the receiving physician's office, pharmacy, or health care institution needs;

2. The transferring physician's office, pharmacy, or health care institution prepares an invoice that includes its name and address and the information described in R4-23-1207(B)(3) through (10);

3. A copy of the invoice required in subsection (C)(2) is sent to the receiving physician's office, pharmacy, or health care institution with the transferred prescription medication; and

4. The transferring physician's office, pharmacy, or health care institution and the receiving physician's office, pharmacy, or health care institution each:

a. Keep a copy of the invoice required in subsection (C)(2) on file for three years from the date of transfer; and

b. Make the invoice records available, upon request, for inspection by the Board or its designee.

R4-23-1211. Responsibilities of the Physician-in-charge or Pharmacist-in-charge of a Participating Physician's Office, Pharmacy, or Health Care Institution

The physician-in-charge of a participating physician's office; the pharmacist-in-charge of a participating pharmacy; or the physician-in-charge or pharmacist-in-charge of dispensing for a participating health care institution shall, either personally or through a designee:

1. Coordinate the receipt of prescription medications donated by manufacturers or health care institutions or through medical practitioners, pharmacies, or health care institutions from eligible donors;

2. Check each donated prescription medication against the invoice and any additional alternate record and resolve any discrepancies;

3. Store and secure donated prescription medications as required by federal and state law;

4. Inspect each donated prescription medication for adulteration;

5. Certify that each donated prescription medication has been stored in compliance with the manufacturer's package insert;

6. Ensure that expired, adulterated, or unidentifiable donated prescription medication is not dispensed;

7. Ensure that prescription medications identified under subsection (6) are destroyed within 30 days of identification as specified in subsection (9);

8. Ensure safety in drug recalls by destroying any donated prescription medication that may be subject to recall if its lot number cannot exclude it from recall;

9. Ensure destruction of expired, adulterated, unidentifiable, and recalled donated prescription medication by:

a. Following federal, state, and local guidelines for drug destruction;

b. Creating a list of expired, adulterated, unidentifiable, or recalled donated prescription medications to be destroyed;

c. Following the destruction, signing the list described in subsection (9)(b) and having the list signed by a witness verifying the destruction; and

d. Keeping the list described in subsection (9)(b) on file for three years from the date of destruction;

10. Redact or remove all previous patient or pharmacy labeling on a donated prescription medication before dispensing the donated prescription medication;

11. Ensure that all dispensed donated prescription medications comply with the labeling requirements of A.R.S. § 32-1968(D);

12. Place on the label of each dispensed donated prescription medication a beyond-use-date that does not exceed the beyond-use-date or expiration date from the original label of the donated prescription medication or, if the dispensed donated prescription medication comes from multiple packages, the earliest beyond-use-date or expiration date from the donated prescription medication packages; and

13. Maintain the records required in this Article.
